

megamount 38

AUTOMATIC
TYRE CHANGER
WITH LOCKING
CAPACITY
UP TO 28"

Hofmann Megaplan tyre disassembly tool, essential but complete with all the necessary devices to allow the operator to work easily on all types of wheels. Smartly designed self-centring turntable is standard on all models.

Tyre changer with tilt-back column for easier wheel access and faster mounting/demounting operations.

megamount 38

AUTOMATIC TYRE CHANGER
WITH LOCKING CAPACITY
UP TO 28"

Locking capacity up to 28"

The heavy-duty turntable has a locking capacity from 9" to 28" and uses a direct clamping system, operated by 75 mm diameter cylinders, ensuring optimal clamping on all types of rim. The turntable is equipped with adjustable jaws featuring integrated plastic protection.

Bead breaker up to 15"

Ergonomic bead breaker with adjustable arm system which enables to operate on large wheels from 2" up to 15" width. Equipped with an adjustable pedal control and an anti-crushing system that prevents the bead breaker from getting trapped between the tyre and the rim.

Inflating gun

Professional tyre pressure gun with manometer.
For a tyre pressure up to max 4.2 bar.

Single speed system

Single speed 230V/50-60Hz/1ph motor controlled by pedal.

HELPING DEVICE SYSTEM HPX-DM

The *megamount38* is supplied with HPX-DM as standard. It is featuring a pneumatic selector for quick locking of the side roller and a dual-roller system designed to handle wheels of different sizes. Particularly suitable for working on large and extremely stiff Run-Flat and UHP tyres.

Standard accessories

Bead lever

Set of plastic protections + tyre paste and brush

Optional accessories

Plastic mounting head

Quick mounting head

Motorcycle wheel adapters

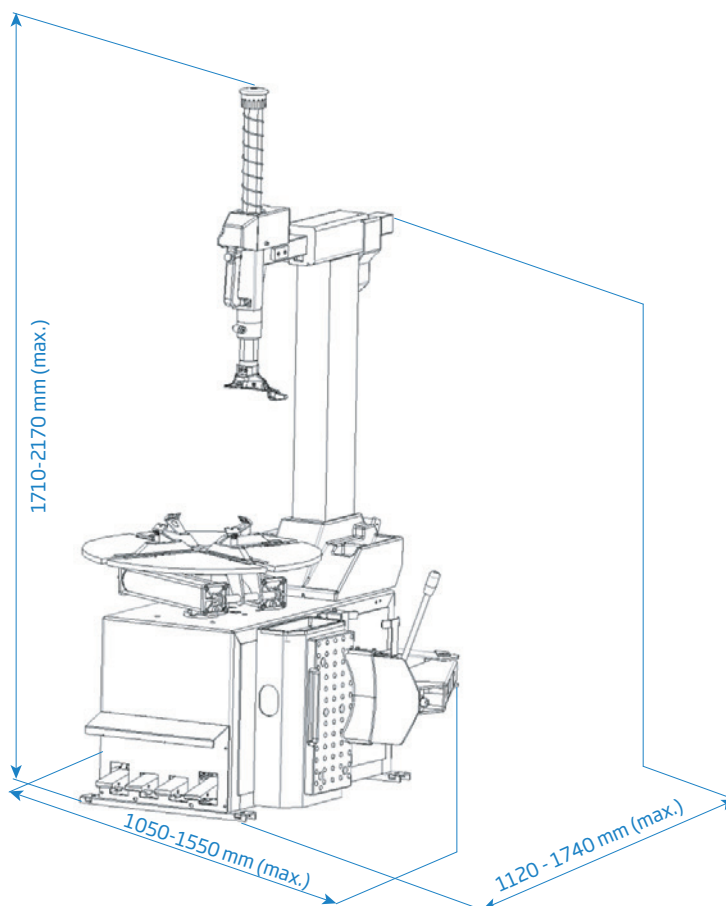

Run Flat clamp

Roller board

Wheel lift
