

MEGAMOUNT 502 COMBI

MOTORCYCLE TYRE CHANGER

The megamount 502 Combi is the ideal tyre changer for those who want a multi-purpose machine.

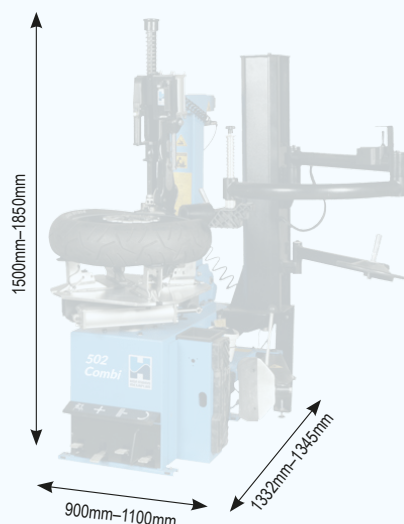

Capable of handling car, motorcycle and scooter rims, this fully-automatic tyre changer boasts a specially-designed demount head to ensure compatibility across 2 and 4 wheel applications. The robotic assist arm makes light work of difficult tyres, and other features include a specially coated bead breaker blade, to ensure that delicate rims are handled with care.

ATV and dedicated Scooter adaptors available as an option.
