

MEGASPIN 250

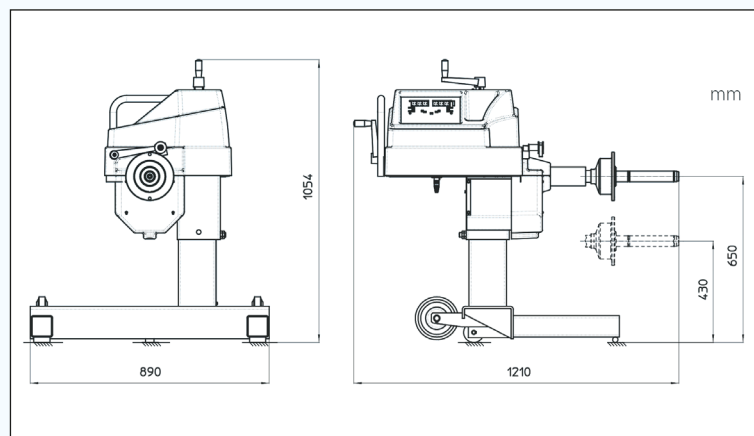

COMMERCIAL VEHICLE WHEEL BALANCER

The megaspin 250 is a portable, handspin commercial vehicle wheel balancer with built in wheel lifter and the ability to cover all car, LCV and HGV wheels either in a workshop environment or on a mobile van. It is supplied with a complete set of universal cones, and a full range of stud adaptors are also available.

FEATURES

- Handspin wheel balancer with integral wheel lifter
- Unmatched mobility for truck and light commercial vehicle tyres
- Balancer and lift are fitted on a single chassis with wheels to facilitate almost weightless manoeuvrability. Forget moving heavy wheels, move the balancer instead.
- The computer and display operate on 24V or 12V DC (vehicle battery) or 230V AC
